

## About Marx Digital Mfg, Inc

Marx Digital Mfg, Inc. is a full service Machine Shop with 2 locations to serve you. We have a location in the Silicon Valley in Santa Clara, California and a location in Las Vegas, Nevada. We provide quality products and on-time delivery. We provide service through-out the bay area and the Las Vegas area. We can ship products through-out the United States and International Shipments as well. We will deliver all products to our customers. We provide video conferencing for our customers who want to deal with us besides email, phone and fax. We are competitively priced on all our parts. Also, our prices are economical and lower than our competitors. We specialize in CNC Milling, CNC Turning, Sheet Metal Works, Turnkey Mechanical, Assembly, and Welding MIG & TIG Productions. Our company produces a wide variety of products utilizing exotic materials including Titanium, Tungsten, Stainless Steel, and Plastic. Our machines are programmed using "Mastercam, Surfcam, AutoCad and Solid Works" which is capable of transferring design data directly from IGES and DXF files and others. Come by to visit either facility and meet the people that will help your company meet your needs. If your company needs an effective, reliable and quality assured company that meets deadlines. We will make all our deadlines or earlier. To provide excellence on first time parts, we would like to receive drawings and material to run example parts. We provide professionalism to customers and vendors alike. Let us know if you are interested in working with Marx Digital Mfg, Inc. Feel Free to contact Marx Digital Mfg, Inc. to start a good relationship between both companies. Consider Marx Digital Mfg, Inc. for all your Manufacturing requirements.
